Locatee Analytics API

Corporate Real Estate professionals can now unleash the power of their office building insights with the Locatee Analytics API.

Who is it for?

For Corporate Real Estate managers, workplace strategists, and workplace leaders who want to leverage the full power of their office building data with custom applications.

What does it contain?

- Full access to Locatee's data through our API*
- Support portal and/or dedicated support agent
- Data update and historical data based on the selected plan
- Unlimited amount of tokens

*egress/pull of data, ingress of data is invoiced separately

What plans are available?

- Free plan: for 1 building: try and test the Locatee Analytics API capabilities
- Advanced plan: get started with up to 10 buildings
- Enterprise plan: for large deployments of applications within your portfolio
- Custom plan: for all customers with specific needs

See the detailed plans comparison on page 2
